

### Parts needed to assemble the pedal tray and heel rest

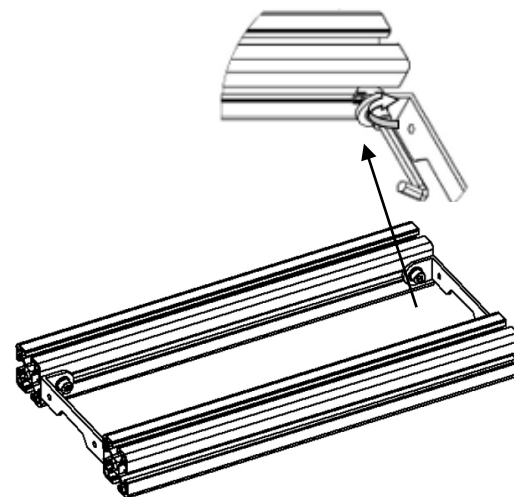

### Step 1: Put the bolts in the U bracket

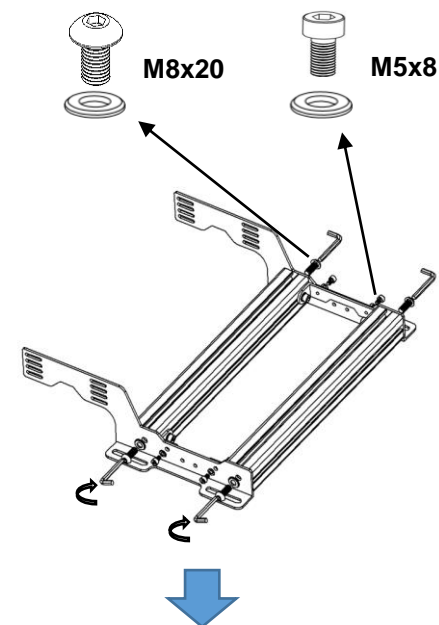

Don't tighten them yet, leave them loose for now.

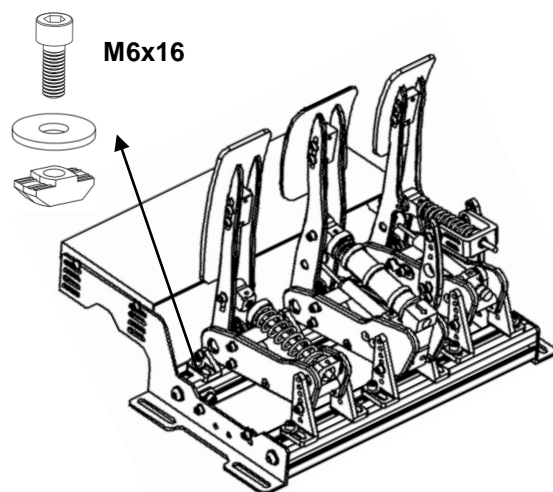

### Step 2: Install the U brackets on the aluminum profiles

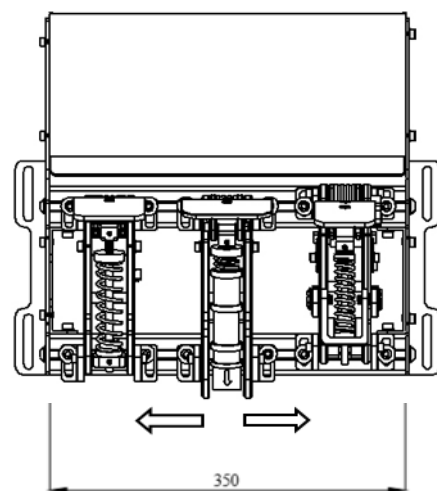

### Step 3: Install the heel rest holders on the aluminum profiles

### Step 7: Tighten the bolts with the included T nuts and washers

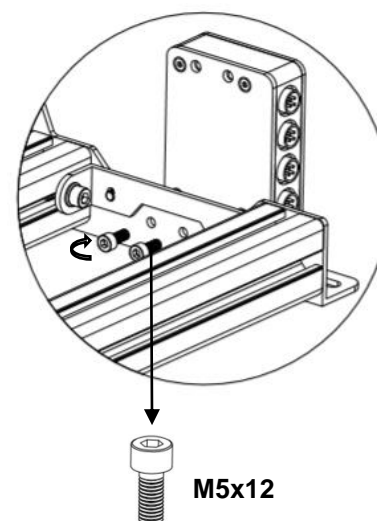

### Step 6: Install your pedal units to the aluminum profile

### Step 5: Install the controller box:

You can either install it on the left or right side of the pedal tray.

### Step 4: Install the heel rest:

Choose the most comfortable height or recline for your seating position.
